**DEATH OF C. H. BISHOP**

**Prominent Civil Engineer of Middletown Died at Watch Hill—Baptist Preacher will Discuss Former Village Police Associations—Young Men Did Not Get to Fall River.**

David Roberts and George Latimer, who were employed in the Lorraine mills, decided to quit Thursday and so to Fall River, Monday is pay day at the mill and they visited a lawyer and requested that he get the money due them at the mill. This matter was quickly settled by telephone and the cash advanced to them, minus the lawyer's fee. Tickets were bought, baggage was checked, and then something happened that Roberts and Latimer cannot clearly explain. They knew they had been drinking, and in law phrase had become strongly intoxicated, but they could not tell how they happened to be in the rear of the freight depot, seated upon the ground, backed up against the stone wall and their legs extended over the track rail, in imminent danger of being mangled or killed by switched cars.

The men were taken from their perilous position by Officer West, placed in an express wagon, carted to the police station and dumped into a river. During their period of stupor back of the freight depot, they were rescued by their railroad tickets and about \$10 in cash.

Roberts was arraigned in the Third district court Friday morning, and was adjudged guilty by Judge Williams of being a common drunkard. He was sentenced to six months in the county workhouse. Latimer pleaded guilty to intoxication and was fined \$2 and costs of \$3.00.

**George H. Bishop, one of the most prominent citizens of Middletown, Conn., died Friday morning at Watch Hill house, in his seventy-ninth year.** He was a retired civil engineer and during the active life establishing in a wide professional reputation. He planned the land piers of the first Brooklyn bridge and was consulted on other engineering projects of prominence. Since his retirement he has taken great interest in motor boats and was a frequent visitor along the Middletown water front. It has been Bishop's custom to spend the summer at Watch Hill for several years.

The severe wind and rain storm of the present week did much damage along the Pleasant View beach, and as a freakish as a stroke of lightning, before the storm an American flag floated from the peak of the flag-staff at the Iron Spoon camp of Herbert Rodney Ellis. The flag was torn almost to tatters and when the storm abated and the flag was untwisted from the staff, the emblem proved to be a rare curio. The field of the flag was not much torn, but what was left of the balance was formed into tassels, shredded and tied artistically into the tassels of the flag. The flag was not made by human hands, the whole forming a piece that Mr. Ellis is to use as a shelf scarf.

The formation of Village Police associations for villages which cannot afford sufficient police protection to meet exigencies will be the subject discussed by Rev. Walter G. Thomas, pastor of the Hope Valley Baptist church, in the pulpit of the Seventh-day Baptist church in Ashaway, Saturday morning. Mr. Thomas substituting for the pastor, who is attending conference in Chicago, but resigned recently to accept position with one of the Shubert attractions.

**BALTIC**  
Young Rosebuds Take Double Header from Greenwoods—Personal Mention.

The Young Rosebuds of Baltic met the Greenwoods of Baltic in a double header Thursday afternoon and won out 15 to 0 in the first game and the second by 12 to 8. The feature of the first game was the brilliant play of striking out 15 men, letting only four men walk and giving but two hits. The feature of the second game was the batting of Caron, Pelouquin and Roy-Gaucher pitched a fine game. The umpires were Holmes and Brown.

Lineup of the game: L. Gaucher c. H. Gaucher p. c. Caron 1b, Tourner 2b, A. Roy 3b, Pelouquin ss, W. Caron rf, Ballard p. c. Depo if.

Miss Josie Brennan is visiting in Monson for a few weeks.

Miss Susie Sullivan of Manchester is a local visitor.

Joseph Holmes is moving into his new home on High street.

**About Birds.**  
West Indian birds need to be conserved, according to Sir Harry Johnston, who writes in the Geographical Journal: "Birds form a very prominent element still in Cuba, Hayti and Jamaica. Landscapes, though, unless strict measures be taken by the respective governments, the trade in feathers and the rush of ignorant slaughter-loving tourists will soon eradicate this beautiful element in Antillean life."

"Parrots in all these islands already are becoming scarce—the Jamaican macaw is practically extinct—but the little green lories (with crimson breasts) are still as tame as rabbits, and the humming birds will continue to buzz around the blossoms until they are finally extinguished by the plume hunters."

"Cuba probably has the smallest humming bird in the world—Calypte helene (named after Princess Christian); but it may have a rival in a Peruvian species of Acrocorax. The Calypte helene is an exquisite little creature, not quite two and one-half inches long, with a forked crimson gorget."

**Governor's Veto Commended.**  
Providing that on the return of a town from the no-license to the license column, licenses may be granted without the present distance of any church or school or public building to saloons that held a license in the last year during which a license could be legally granted, shows that his excellency has a becoming regard for the Christian sentiment of the commonwealth. In common with other Christian denominations, Catholics feel that their churches and schools should be fully protected from the environment of the barroom. Our little ones must be spared the spectacle of seeing drunkards reeling out from the saloons in a condition that degrades them below the level of beasts. That is one phase of their street education which our chief magistrate believes may well be removed from our statute law. Right minded citizens of all creeds and of no creed heartily congratulate the governor on pointing out the viciousness of the measure, and on his courage to refuse to sign the bill.—Catholic Transcript.

**Dear Dear.**  
It looks like the rifle against the deer next season. The animals are becoming numerous, destroying much produce and raising the mischief in rural districts. The farmers may shoot them off with a shotgun if caught attacking the crops, but some don't care to do this, and others are willing to let the creatures eat and destroy as they will, knowing that the state is good for the bill. It may be thought reachable to declare a brief open season for deer when they may be hunted with rifles. It seems a pity to kill the gentle animals, but if they become a nuisance, as they have in some

## DEEDS, NOT WORDS

Norwich People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Norwich kidney sufferers, have made their local reputation. Proof lies in the testimony of Norwich people who have been cured to stay cured.

Mrs. Roland Ockery, living at 362 Franklin Street, Norwich, Conn., says: "My opinion of Doan's Kidney Pills is just as high today as when I testified to their merits in a statement given in April, 1906. At that time I stated that great benefit had followed the use of this remedy in my case when I suffered from an aching in the small of my back, which caused me almost constant misery. Pains in my sides also afflicted me for the most trivial of my household duties. I was miserably unable to find relief when Doan's Kidney Pills were brought to my attention, and I procured a box from N. D. Sevin & Son's drug store. Their beneficial effect was noticeable in a remarkably short time and I continued taking the remedy until all my trouble with my back and kidneys was removed. Mr. Ockery also used Doan's Kidney Pills with the best of results, and whenever he feels any trouble with his kidneys he at once resorts to their use and the best of results are forthcoming."

For sale by all dealers. Price 50c. Doan's Kidney Pills, Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Places, there is no other remedy—Lowell Courier-Citizen.

Mrs. Grace Gallatin Seton, wife of Ernest Thompson Seton, has joined the suffragists, having become a member of the National Council of Women of the Equal Suffrage League of New York, of which Mrs. Clarence Mackay is the president. The league is at Greenwich, Conn., and among those included is Miss Ely, of the famous school.

Mrs. Nellie Nugent Somerville of Greenville, Mass., and Mrs. H. M. Ellis of Brookhaven have been elected members of the board of directors of the first National Council of Women of the United States, which is now contemplating building a church hospital for the states of Mississippi, Alabama and Tennessee.
